

Mount Nemo

Mount Nemo is one of the natural environment parks that is protected and managed by Conservation Halton. The park includes unique geological features and one of the best examples of a cliff-edge ecosystem in Ontario.

When you explore the natural beauty of Mount Nemo, you will see rare ferns, chipmunks, warblers, soaring Turkey Vultures and ancient cedars, a few of the many species of flora and fauna indigenous to the area. From the Brock Harris Lookout, 295 metres (968 feet) above sea level, 50 kilometres (31 miles) of countryside come into view. The communities of Milton, Brampton, and Toronto, as well as the Nassagaweya Canyon and Rattlesnake Point are spread out across the horizon. On a clear day, you can even spot Toronto's CN Tower.

Day Use Admission

Adults (15–64)	\$7.00

Hiking Trail Rating

Please note that all trails will be impacted by prevailing weather conditions and will vary seasonally. Snow and ice are not treated during winter on any of our recreational trails. All our trails are recreational in nature and regardless of which trail you chose, you should be suitably prepared for being outdoors in a natural setting.

The following guide is provided to aid your selection of trail to visit. You will see markers at key decision points.

- 1** Our most accessible trails: surfaced, obstacle free, no more than 2 km in length, are at least 1.5 m wide. Suitable for all users including wheelchairs.
- 2** Our easiest trails: generally flat, no more than 2 km. Surface will be firm with a few obstacles like tree roots, rocks etc). Steps either built or naturally occurring may be present.
- 3** Our moderate trails: steep sections and tight turns with an uneven surface. Steeper sections of steps or stairs (natural or built) may be present. Trails are up to 5 km in length. Rest points are infrequent.
- 3** Our most strenuous trails: Longer than 5 km, and uneven. Steep sections which may be more than 500m long. The trail may be narrow in places and may have some tight turns. Rest points are infrequent.

Hiking Trails

Trail Name	Distance	Rating
South Loop Trail	1.8 km	2
North Loop Trail	3.3 km	2
Escarpment Edge Trail	1.4 km	2
Bruce Trail	7.25 km	3

Visit brucetrail.org for more info.

Conservation Trail Ethics

Trails are routed to protect neighbouring environmentally sensitive areas. Trail routes are selected to mitigate damage to animal and plant species.

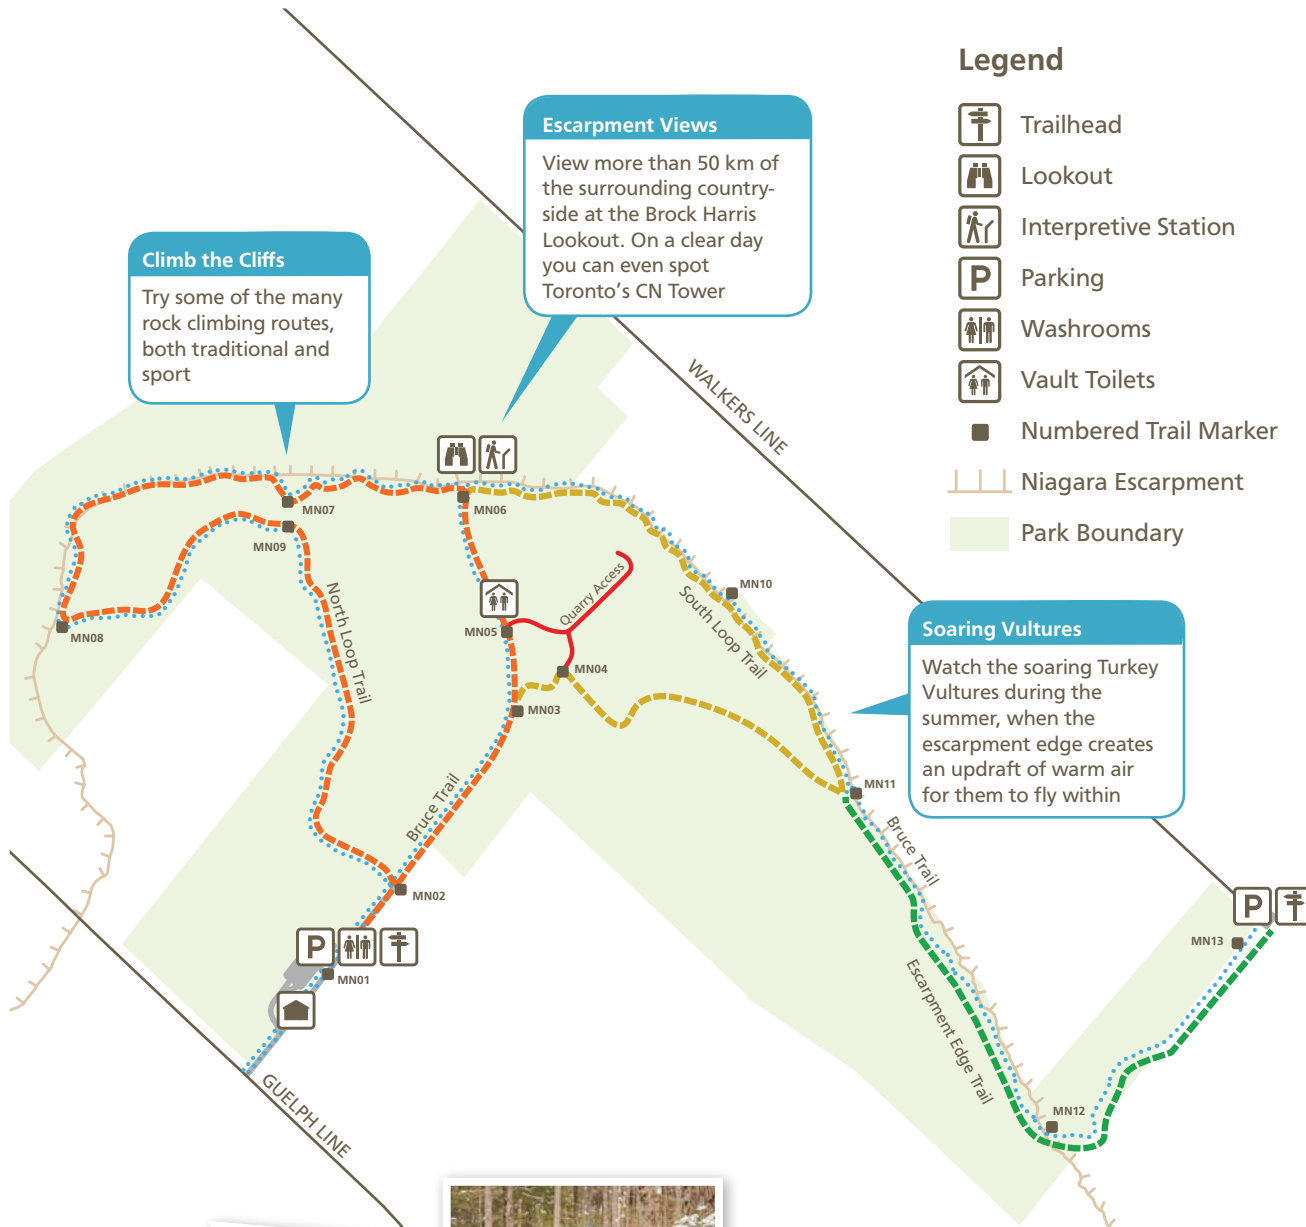

Please stay on trails and do not cut new trails.

The cliffs of the Niagara Escarpment can be hazardous and quite slippery when wet. Please be careful when hiking the trails at Mount Nemo.

Please do not go too close to the cliffs or climb over the lookout walls. Beware of climbers below. For their safety, do not throw objects over cliff.

Climb the Cliffs
Try some of the many rock climbing routes, both traditional and sport

Escarpment Views
View more than 50 km of the surrounding countryside at the Brock Harris Lookout. On a clear day you can even spot Toronto's CN Tower

Soaring Vultures
Watch the soaring Turkey Vultures during the summer, when the escarpment edge creates an updraft of warm air for them to fly within
